

**29th Annual (2nd Virtual) Wisconsin Perfusion Society Educational Meeting
Saturday, May 7, 2022 @ 8:30am**

- 8:30 – 8:42 **Establishing Sustainable Cardiac Care**
Clarisa Czekajlo, MS, CCP
- 8:42-9:05 **Building an ECMO Program: A Single Center Experience**
David W. Mast, CCP – Chief of Perfusion Services
- 9:05-9:32 **Establishing an ECPR Program**
Han-Sen Sun, CCP, LP, MSP
- 9:32-9:55 **Education For Nursing Staff Caring For Extracorporeal Life Support Patients**
Josh Larson, MSOE Perfusion Student
- 9:55-10:29 **Building a Successful Lead Extraction Program**
Troy Rhodes, MD, PhD, FHRS, CCDS
- 10:30-10:35 Break Time
- 10:35-10:59 **Early Experiences in Developing a Regional Air and Ground ECMO Cannulation
and Retrieval Center for Adults and Children**
Scott D. Niles, MPS, CCP, LP
- 10:59-11:12 **Percutaneous Endovascular Removal of Right Sided Intracardiac Masses: A
Minimally Invasive Option for Thrombus and Vegetations**
William J. Fischer III, MD
- 11:12-11:40 **Anxiety and Stress Relief in the CCP World**
Kirsten Kallies, CCP, LP
- 11:40-12:06 **Survey of Job Attribute Importance for Perfusion Students**
Ram Torres, MSOE Perfusion Student
- 12:06-12:24 **Review of Hyperoxia and Arterial Oxygen Targets During Cardiopulmonary
Bypass**
Heather Zeman, MSOE Perfusion Student
- 12:24-12:50 **An Investigation Into The Combines Use Of ECMO And A Hemoadsorption Filter
For The Treatment Of Acute Respiratory Distress Syndrome**
Kathryn Koerten, MSOE Perfusion Student
- 12:50-1:15 **Early Mobility In The Cardiovascular ICU**
Abigail Teofanovic, PT, DPT

- 1:15-1:20 Break Time
- 1:20-1:48 **Distal Limb Ischemia In Patients With Peripheral Veno-Arterial Extracorporeal Membrane Oxygenations Support: A Comprehensive Review Of The Clinical Impact of Limb Ischemia And The Utilization of Distal Perfusion Catheters**
Cassandra Seefeldt, MSOE Perfusion Student
- 1:48-2:36 **Comprehensive Overview of Transcatheter Aortic Valve Surgery Focusing On Current and Future Perfusionist Involvement**
Dan DeBlicek, MSOE Perfusion Student
- 2:36-2:41 **A Literature Review of the Conduits Used in Coronary Artery Bypass Grafting: Search for the Second-Best Conduit Following the Left Internal Thoracic Artery**
Courtney Lockwood, MOSE Perfusion Student
- 2:41-2:55 **CPB Considerations for MAPCA Unifocalization and Pulmonary Flow Study**
Kristen Steffens, MPS, CCP, LP
- 2:55-3:12 **Etiometry- A Solutions Overview: Clinical Workflow and Data-Driven Decision Support Solutions for Cardiac Perioperative Care**
Dimitar Barotov, PhD
- 3:12-3:51 **Ionized Magnesium in Cardiac Surgery: Time for Change**
Dennis Begos, MD, FACS
- 3:51-4:11 **Lipid Emboli Implicated in Neurological Deficits**
Susan Wickersham, MLT, PBMS
- 4:11-4:15 **Closing Remarks**
